Dear Sister Aurea —

A Couple Clippings I've saved for you plus a folder on the murals at the local library. Recently I took some friends there and we were taken through the place. Mrs. Steele is head librarian. I'm gathering a few books for C.S.T. —
And shall have them over to you very soon.

(notice beforehand!). This wonderful fall weather is most enjoyable. Hope you are all well. My kind regards to the active Book-makers—a heavy fine upon those who are in active!

Very sincerely yours,
