Dear Sister [Name],

A very late

Thank you for our tour, dinner and entertainment — Mr. Fitzgerald was most impressed and has mentioned his visit a number of times — I have a feeling that his third daughter (now a
H. School Freshman] will go to C.S.F.

I'm gathering a few more books for the library. One she 'hooked'—Martyn

Drum's "Treasury of Gilbert & Sullivan"—a beauty; the Drum notes are a vast delight.

it is 15 pounds of fun! All good

wishes to the B.H. Club members.

Most cordially—John R.
Father Richter told me he was going to Joliet, but at that time, he was not sure of the name of the Parish. I asked him to be sure to make himself known at the CSF and any allied houses.

We are sorry to lose him from St. Mary's.

NEW APPOINTMENTS AT ST. MARY'S

Father John J. Clair, who has been with us for over two years, has been removed from sick leave and officially appointed as Assistant Pastor at St. Mary's in Lake Forest by His Eminence, Albert Cardinal Meyer. We are all very grateful to His Eminence.

The Cardinal has also granted a long desired wish of Father Raynor E. Richter to work in the Diocese of Joliet. It is with genuine reluctance on the part of his many friends that Father Richter leaves Lake Forest. We all wish him God's blessings in his new endeavors.

We are most fortunate to have with us, in lieu of Father Richter, the Reverend Ulysses A. Galuao. Father Galuao has been in the Archdiocese of Chicago, St. Sabina's Church, since November 24, 1954. He is a priest of the Archdiocese of Rio de Janeiro and his Cardinal-Archbishop, under the date of February 1, 1955, has permitted him to remain permanently in the United States for climatic and health reasons. Boasting a Master of Arts degree in Experimental Psychology from Columbia University in New York City, he speaks English, German, French, Portuguese, Spanish and Italian and is now a United States citizen. We extend to him a most cordial welcome and hope he will feel very much at home amongst us.

There have also been changes in our convent. The former Superior, our much beloved Sister Mary Alexia, has been appointed to an administrative position. Sister will be Mistress of Postulants and will assist in directing the teacher training program. Sisters Mary Leona, Marietta and Irene Marie have also been transferred. In their stead, we have Sisters Mary Amelia, Johnette, Jude, Leon and Michaelina. Sister Mary Davide, a member of our faculty for the last three years, has been appointed Superior and Principal. We extend to all of these Sisters our sincere best wishes for happiness and success in their new fields of activity.

This was a "Rider to our Regular Sunday Bulletin of Yesterday."

Dear Sister Irene:

Please check the Catalog for the Canadian Corporation edition (1953) of the World Geographic Atlas and let me know if you have it.

My plans to visit C.S.F. before Lent book plan. I fell on Jan 27th and broke my left arm at the wrist and am just back from the hospital a week but must continue recuperation a while longer. I
I have an excellent Relief Man and won't be able to work for some time, (arm in a cast)

Ask any stray book hookers plus my friends at O.S.A. Home to include me in their prayers for the "needy and wayward".

It could be worse - might have been my right arm or a leg!

All good wishes to the B.H. members. Most Cordially yours,

Dear Sister Aurea:—Your note came today and the “Get well” wishes from time back. All are appreciated and some day soon I hope to thank all the well-wishers personally.

Now being well along on the recovery, I’ve just finished my first week road and am going back on the job (as we play in New York—“back to business!”).

Steve Dooley is going to Juliet (you will recall he is the dump man) and has kindly consented to take a few heavy books over for C.S.F.
The World Geo-Graphic Atlas is a good tool & I'm glad to have it for the collection. The Gilbert & Sullivan were 'hooked' by JLP & enjoyed no end. I have seen Martyn twice a few times in some of his famous roles. His footnotes (side notes I would say) are excellent & most helpful to younger American readers! Chambers' Biog. Dict. is probably a repeat, but it is a new edition & always a handy tool.

Sister Mircea is to have first chance at 'hooking' the 2 vols. & Irish Chattoe books - the language

Seems slightly tilted (maybe its true) but the illustrations are fine,

Don't fret about not answering letters promptly - I know how busy you all must be when the place is buzzing with students + classes.

This has been one of the worst winters in my life and I'm going to welcome robins + worms to feed them. My best wishes to all the Book Harbor Members.

Most Cordially,

John Raymond
At Eastertime
and throughout the year
may you be blessed with

Dear Sister Aurea:

Late, but a large thank you for my recent visit to the tour of Our Lady of Angels home. We have had a very busy season (it is still on the busy side) and I have been quite neglected of the friends I know. Wonder what "aids" me.

At the moment I"m "hooking” Letters From a Traveller by Pierre Tréhore de Chardin—He really...
I did travel. It is a James More
description but I'm sure the library can
have 2 copies. Ditto on The Decline
of Pleasure by Walter Kerr.
Voices of Stone by E. R. Bollhöfer.
The Ancient Ruins Kingdoms of the Americas
by V. W. Von Hagen are, among others,
writing to be packed for C.S.F.
The Von Hagen book is fascinating +
will from a good addition to
your teaching tools — a personal
opinion — By now I'm sure the
Summer Session is in full swing +
everybody working like bees. Don't forget to seek a little relaxation now and then. This area is quite beautiful - the early warm spell in May brought the bees - thumbs to an early leafage. I hope all goes well.

I'll pop in for a chat early in July. I'm anxious to see the Uncle Otto Miniature - let's book it (for keeps!) for the Minima Collection.

Kind regards to all.

Most Cordially, John R.

Dear Sister Aurea:

A few books for C.S.T. were started your way — do let the Book—
Hookers have some fun,
Our weather has been fine all this past week — for those of your Summer Sisters I hope it has been the same. The Summer seems greatly advanced to me, as I
I noted many hollyhocks on my walk yesterday. I thought they bloomed in August —?

My aunt's are "framed" — an off-white moulding with a touch of grey with glare-free glass — it is really a choice piece of art work all the way around.

Kind regards to the BB Club.

Cordially yours —

Dear Sister Aurea:

Your notes and letter of thanks for books were duly received — my intentions were good — but they never grew into deeds. It has been an unusually busy summer season + with extra work — I feel free to admit I'm lazy! Don't think I've forgotten C.S.F. and the Book Hookers — never!
The Announcement of Dr. A.M.
as new Pres. Plus the Inter-
lude! Have kept me partly
aware of what goes on in Folkt.
I have a couple books which
I know will boost the hooting
activities of the B.H. Society.
A Guest (recently returned from
the Orient) just gave me a
Japanese print - from a
famous shop (Japanese - fat,
not C.S. - on my
of the Art Dept.!
Next jaunt—soon I hope.

Mr. Fitzgerald. (You remember he drove me over earlier in the year and was taken all through the seats.) asked me if he could do the same trip soon + also to see his wife + also to see the new Q. H. A. home —

To be sure we can arrange it before a January glacier descends upon us.

My employer has been away all of the late summer + when she returned was taken
4 ill + has been in hospital for the last three weeks — all the time Joe has taken care of the poodle — Stormy + he is now so spoiled he won't walk with anyone but me + is more care than 7 Siamese cats!!! Of course don't fond of the little beast but wish he would be more democratic & less "Lake Foresty"!

A few months ago I was "loaned" three letters from the Topper Colony on
Molokai, from Joseph Sutton
(who worked w/ Fr. Damien) to
a Mr. Herman just... of Nash-
ville, Tenn. (late to live + die in
Illinois) having reference to the
Hawaiian Health
Lepros Colony. They are of
some importance - historically
otherwise. I was told that
Notre Dame University has a
good amount of data on Fr.
Damien - feel their letters should
so when they might fit into a
Collection for future study and reference, I feel that the B. H. Society would greatly enjoy reading the letters (date - Feb 19, Mar. 5 & Mar. 22 - 1890) and suggest the rest more for their final disposal.

Of that - More anon -

Please pardon my last writing habits + give my best wishes to the B. H. Society members.

Cordially yours -

SAINT JOHN’S ABBEY AND UNIVERSITY,
COLLEGEVILLE, MINNESOTA, as seen from
the air. Saint John’s includes a Benedictine mon-
estery established in 1856; a major seminary for
Diocesan and Benedictine priesthood students; a
liberal arts college; and a college preparatory
school. There are 1,400 students enrolled in this
oldest institution of higher education in con-
tinuous existence in the State of Minnesota. The
first new building of Saint John’s 100 Year
Development Plan is seen in the foreground.

Dear Sister Andrea:

Just a short note - sending some interesting black and white pictures of St. John's Abbey Church plus other items. A large color photo to follow when I obtain an envelope to fit. We are seeing a lot of this area; it is worth a visit.

"Fine out for dinner" -

Regards to the Biff-Club.

Dear Sister Aurea:

The clipping of group photograph is old, as you can see from the date, and I had clipped it to post for an extra which someone might wish to mail to family. Late or not, here it is. Also a copy of the latest catalog from Bondy of London. They fascinate me, any book catalog, even though I rarely use one for purchase.

Right now I am in the middle of J.F. Powers novel Morte D'Urban and find it very interesting. I recall having read part of it in the New Yorker, some time back. Do you have a copy of it in the Library? Because he is a Minnesota man, just about everyone there are reading him. One book store in St. Paul had a show window filled with books by Minnesota authors and I was surprised at the number.

Back "at the grindstone" and my time away seems to vanish into personal but dull history. It was a good change and I really saw a lot of the area visited.

When we meet again I will tell you of meeting the Librarian at Saint John's University in Collegeville. Among their 150,000 volumes, they did not have the 1917 book on the Indiana Sand Dunes— we have it at CSF—so I posted an extra copy there. After seeing how cramped and crowded they are, I appreciate what CSF has. St. J's hope to have a new library in the not too distant future.

All good wishes to the Book-Hooker Society—

Most cordially yours,

John Raymond

Dear Sister Aurea:

Your note both enjoyed and appreciated. The greetings from the b处理 Club, much so! When I come over, I'll try to tell you of some of my crazy-late vacation highlights.

Missing books, including those lost and stolen, cost the New York Public Library about half a million dollars a year.

This must be the "thing to do"!
Warped civic pride of lack.
